Dear Roger:

HBT and Hollywood Media District BID is working towards replacing your tree at 1135 N. Highland Avenue. Sharyn Romano is pricing out 25 gallon Chinese Pistache Trees as well as 25 gallon Ginkos. Sharyn made the recommendation to go with the Chinese Pistache since it is a faster growing tree and will go nicely with the existing trees in the District. This should take around 30 days to locate and install.

If you have any questions in the interim please do not hesitate to contact our office.

Roger, thanks for the follow up regarding this and I have not gotten a response back from HBT. Although, this message is being cc'ed to HBT . . . Sharyn, please allow this to serve as a second request for a response.

Thanks and hope to know something soon.

Subject: JF CHEN / Tree

Hi Jim,

It was a pleasure speaking with you yesterday, attached are the images of the stump/branch that is left of the tree that was cut off last year.

If possible we would like to get a new tree on the side walk that is by our location 1135 N Highland ave.

I do find it that it is a hazard for clients and community, and would like to have this issue solved as soon as possible.

Please advise,

Sincerely,

Roger Villamil
